FACULTY COMMITTEES

Classification: Principal Green, Mr. Welch.

Student Programs:

Freshman: Miss Givan.

Sophomore: Mr. Reaveley.

Junior: Mr. Wilkinson.

Senior: Dr. Ballentine.

Lecture Course: Principal Green, Mr. Welch, Dr. Ballentine, Mr. Wilkinson.

Athletics: Mr. Wilkinson, Miss Iliff.

Christian Association: Mr. Wilkinson, Miss Givan.

Appointments: Principal Green, Dr. Ballentine.

CALENDAR FOR 1918-19

FALL TERM—FIFTEEN WEEKS

Registration Day, Tuesday, September 10.

Organization of Classes, 8:30 a. m., Wednesday, Sept. 11.

Training School opens, Thursday, September 12.

Y. M. and Y. W. C. A. Reception, Saturday evening, September 14.

Fall Term ends, Friday, December 20.

Holiday Vacation: December 20 to December 31.

WINTER TERM—THIRTEEN WEEKS

Registration Day, Tuesday, December 31.

Organization of Classes, 8:30 a. m., Wednesday Jan. 1.

Training School opens, Thursday, January 2.

Y. M. and Y. W. C. A. Reception, Saturday Evening, January 4.

Junior Party, Washington's Birthday, February 22.

Winter Term ends, Friday, March 28.

Spring Vacation: March 28-April 1.

SPRING TERM—THIRTEEN WEEKS

- Registration Day, Tuesday, April 1.
- Organization of Classes, 8:30 a. m., Wednesday, April 2.
- Training School opens, Wednesday, April 2.
- Y. M. and Y. W. C. A. Reception, Saturday Evening,
April 5.
- Founder's Day, Saturday, April 12, 32nd Anniversary
of the School.
- State Board Examinations, June.....
- Literary Society Annual Contest, Saturday Evening,
June 21.
- Baccalaureate Day, Sunday, June 22.
- Address to the Christian Associations, Sunday Evening,
June 22.
- Campus Pageant, Monday Afternoon, June 23.
- Commencement Concert, Monday Evening, June 23.
- Alumni Day, Tuesday, June 24.
- Senior Class Day, Tuesday, June 24.
- Commencement, Wednesday, June 25.

CHAPEL

HISTORICAL SKETCH

By an act of the Pennsylvania State Legislature, passed in the year 1886, the counties of Clarion, Forest, Jefferson, McKean, and Warren were separated from the Eighth Normal School District and were constituted as the Thirteenth District. The necessary steps were at once taken to organize a Normal School. Contributions and pledges of money, amounting to forty thousand dollars, were obtained for the purpose of securing a suitable site and erecting the necessary buildings. This amount was supplemented by a legislative appropriation of twenty-five thousand dollars. The grounds and buildings which had belonged to Carrier Seminary were purchased from the Erie Conference of the Methodist Episcopal Church. Additional land adjoining the original purchase was obtained from the Arnold estate, and in the fall of 1886, work was begun on the erection of two commodious dormitories. These buildings were completed before the middle of February. A committee representing the State officially approved the provisions thus made for carrying on the work of a Normal School, and the institution was formally opened on the twelfth day of April, 1887.

The school continued under the joint control of the State and the stockholders until February 9, 1916, when the State purchased all of the outstanding stock and formally took over the property in the name of the Commonwealth.

The enrollment during the first term was 140. The enrollment for the year 1887-1888, the first full year of the existence of the school, was 364. The first graduating class numbered ten young men and two young women. Twenty-three and one-fourth acres of ground containing seven commodious buildings now constitute the Normal School plant.

LOCATION

The State Normal School of the Thirteenth District is located at Clarion, the county seat of Clarion County, Pennsylvania. The town is situated on an eminence some 1500 feet above the sea level, overlooking the Clarion River. The natural scenery of the vicinity is picturesque and the healthfulness of the situation is unexcelled. The Borough, which has a population of about 3500, is supplied with an abundance of natural gas, and pure spring water; the streets are paved and lighted by electricity. The churches are excellent and the people intelligent and refined. In fact, Clarion is an ideal place for an institution of learning.

RAILROAD FACILITIES

The School may be reached by means of the Baltimore & Ohio Railroad, Pittsburgh & Western Division, which has a station at Clarion Junction, from which a line of hacks run to Clarion and the Normal School. The Lake Erie, Franklin & Clarion Railroad connects Clarion with Summerville, a station on the Low Grade Division of the Pennsylvania Railroad. By means of this road Clarion may be reached from the Allegheny Valley Railroad via Redbank Junction and Summerville, and from the Philadelphia & Erie Railroad via Driftwood from Summerville. The Franklin & Clearfield branch of the New York Central lines connects with the Lake Erie, Franklin & Clarion at Sutton Junction. By means of this connection Clarion may be reached from Titusville, Oil City, Franklin and other points to the west and north, and from Clearfield, DuBois, Falls Creek, Brookville and other points to the east. The Clarion station is located within a half square of the girls' dormitory, across the street from the Normal Laundry and Power House.

FACULTY

Equipment, buildings, and apparatus count for much in an institution of learning, but the most potent influence is personality. The strongest influence in a normal school is its faculty. It is the policy of this school to devote more time, attention and money to the upbuilding and maintenance of a capable faculty than to any other of the factors which enter into the composition of a Normal School. The demands made upon its faculty are large and the standards set for them are high. To be a teacher requires special qualifications and preparation.

1. Above everything else in the equipment of a Normal School instructor stands character. All other attributes combined cannot take its place.

2. Ability to teach. Ability to teach means inspiration to the members of a class. What and how the instructor does is vastly more influential than any other form of instruction that may be given.

3. Culture and refinement of manner, purity of speech, and neatness of dress give tone to the entire personality.

4. Scholarship liberal in its comprehensiveness and special where it deals with the training of teachers, are demands which can be fairly made of the modern instructor.

5. The spirit of co-operation and the ability to work harmoniously with one's colleagues is an attribute without which an instructor will be greatly hampered.

APPOINTMENT COMMITTEE

The wisdom of establishing the Appointment Committee has been amply justified by three years of success-

ful experience. The work of this committee has two distinct purposes in view namely:

1. To assist worthy alumni and students of the Normal School to find suitable positions.

2. To aid school officials who desire Normal trained young men and women as teachers.

All alumni and others who have been students here have a claim upon this institution. The Normal School is maintained by the state to prepare teachers for the public schools, and it is its duty to bring inquiring school officials into communication with desirable teachers.

Upon enrolling, candidates furnish all necessary personal data together with a list of references, including members of the faculty, former teachers and other business and professional people from whom the committee receives confidential information. The recommendations based upon all available information are always conservative, thus affording a double advantage to both students and school authorities.

All those who wish the co-operation of the Normal in this matter are urged to enroll. Blanks for this purpose will be furnished upon application. This committee is maintained by the Normal without charge to the candidates or school officers. All schools desiring teachers are urged to communicate with the committee.

GROUPS AND BUILDINGS

The grounds comprise twenty-three and one-fourth acres, within the limits of the Borough of Clarion. They have been laid out with care and are kept in excellent condition. The buildings all front upon a handsome lawn ornamented with shade trees and evergreens. All the buildings are heated by steam, lighted by electricity, and

are supplied with the other conveniences of modern living.

Seminary Hall is a three-story brick building originally occupied by Carrier Seminary, from which it derives its name. Here are found the offices, library, four large class rooms and, on the third floor, a dormitory for young women.

Music Hall, a two-story brick building, provides a studio for the Director of Music, instruction and practice rooms on the first floor, and living rooms for the Principal's family on the second floor.

Science Hall, a three-story brick building, provides for class rooms on the first floor. Manual Training in the basement, Science, Art and Ancient Languages on the second, and a dormitory for young women on the third floor.

The Chapel is a stone building with a gymnasium in the basement, and on the main floor an auditorium with a normal seating capacity of eight hundred.

Stevens Hall is a three-story building with apartments for teachers and provisions for lodging two hundred young men. There are bath rooms with plunge and shower baths on each floor, and sanitary closets in the basement. The rooms are conveniently arranged, well lighted and comfortably furnished. Its first floor provides offices, class rooms and study hall for the Training School.

Navarre Hall, the new dormitory for young ladies, is one of the finest and most up-to-date Normal School buildings in the country. It is in the modern Spanish type of architecture and is constructed of stone, brick, concrete and iron, with a tile roof, and is fireproof throughout. On the upper floors are found accommodations for teachers and pupils including parlor and trunk rooms on each floor. Each room is lighted by electricity, heated by steam, and has a stationary washstand supplied with hot and cold water. Bath rooms with running

water are found on each floor. The building also contains apartments for the servants entirely separate from the main dormitory, although under the same roof. The rooms are all newly furnished, making the dormitory one of the best in the state. An elevator in the rear of this building provides for the easy handling of trunks and heavy baggage. On the first floor are found the parlors, offices, a dining hall with a seating capacity of four hundred and fifty, a conservatory, the kitchen, pantry, bakery, etc., and the living apartments for the steward.

The Heat and Power Plant is a two-story brick building. Its boilers are on the first floor and have a capacity of three hundred and fifty horse power. On the second floor of this building is located the Normal Steam Laundry.

EQUIPMENT

LABORATORIES—The Science Department is provided with a large and well appointed chemical laboratory, a physical laboratory with apparatus of the latest and most approved type, biological laboratory with an adequate supply of compound microscopes and materials for study, and a demonstration and lecture room.

LIBRARIES—These consist of the Text-book Library and the General Reference and Loan Library, both located in Seminary Hall. The General Reference and Loan Library occupies a large room at the south side of the building on the first floor. The room is well lighted and is supplied with tables for reading and study. It is open from 8:00 a. m. to 12:00 n. and from 1:00 to 4:30 p. m. daily and is in charge of a competent Librarian. Students have access to the reference shelves and may obtain books to be read or studied in their rooms subject to the regulations commonly adopted in well conducted libraries. The reading tables are supplied with daily and weekly papers and the

principal magazines and educational journals of the country. Various activities helpful to the students are carried on in connection with the regular work of the Library. A course in library work is given each year to the Senior Class. The course includes classification of books, use of the card catalog, magazine indexes and dictionaries, and talks on children's literature, school libraries and teaching foreigners English. Exhibits are shown from time to time, one of permanent interest being a case of fifty books from the Free Library at Foxburg, Pa., showing the type of books which that library sends into the schools of the county.

For the purpose of reading reference, the General Library has been arranged and catalogued according to the Dewey Decimal system of classification.

The text-book Library is in charge of the Registrar. It contains a supply of all the text-books used in the school, in sufficient number to meet the demands of the students for text-books to be used in preparing for recitations.

The Gymnasium is provided with dressing rooms, lockers, shower baths, Indian clubs, dumb-bells wands, horizontal bars, traveling rings, etc.

Rooms have been fitted up in the basement of Science Hall for the Manual Training classes and a supply of tools for the work furnished.

A complete Domestic Science equipment is in use. A kitchen with all necessary apparatus accommodates twenty-four students at one time. The Dining Room, tastefully furnished, affords the students ample opportunity for a course of instruction in serving. Another room is provided for sewing, raffia, basketry, weaving, paper folding, etc.

The Music Department is supplied with nine upright pianos, two grand pianos and other necessary instruments, besides charts and other facilities for instruction.

NAVARRE HALL

The Music Department is supplied with nine upright pianos, two grand pianos and other necessary instruments, besides charts and other facilities for instruction.

CHARACTER AND PURPOSE OF THE SCHOOL

NORMAL DEPARTMENT—The specific purpose of the Normal Schools of the State of Pennsylvania, according to the statutes by which they were constituted state institutions, is the professional training of young men and women as teachers for the common schools of the State." The Normal Schools are therefore professional schools. In framing the course of study, however, recognition has been given to the fact that the teacher needs a substantial

basis of intellectual training and scholastic attainments. It is self-evident that the teacher must have a thorough knowledge of the subjects which he is expected to teach. A teacher should know more than he is required to teach. He should be able to examine the studies of the school curriculum in the light of more advanced knowledge. He must not only know the relation of what he teaches to the more elementary knowledge which preceded, but he should understand how to arrange the material of instruction so that there may be a proper progression from the lower to the higher. Nor is it sufficient that one who aspires to teach should have acquired a certain amount of knowledge in school. He must be able to continue his acquisitions, to add to his store of knowledge by his own efforts, after he has assumed the responsibilities of his profession. The teacher should, therefore, possess at least the power to acquire and to assimilate knowledge, power to think and to systematize his acquisitions, according to logical relations, and power to give appropriate expression to his thoughts and opinions. To attain such power, intellectual training more extensive and thorough than that which is given in the elementary public school, or in the ordinary high school, is required. It is to be hoped that the day will soon come when at least the equivalent of a Normal School training will be required of all candidates for certificates of qualification to teach.

But scholarship alone does not suffice to make a teacher. Professional training is essential. Accordingly the Normal School makes provision for instruction in the principles which underlie all good teaching, and for practical training in the art of teaching. The course of study includes psychology, or science of the mind, with reference especially to the growth of mental capacity in children, principles of method as based on psychology, history of education and specific methods which should be followed in the teaching of the common school branches. These

branches are also reviewed with special reference to their organization as material of instruction for the elementary school. Practical training in the art of teaching is provided for in the Model or Training School. The law requires all students who expect to be graduated in the Normal Course to teach forty-five minutes daily, for at least forty weeks, under the observation of a training teacher.

This Normal School was established and is maintained to train teachers for the elementary schools. Believing that satisfactory teaching must be based upon breadth of culture, it endeavors to open up to its students the various departments of the field of knowledge. In order that this knowledge may become culture, that is, that it may be applied, and in the application may result in disciplinary reaction upon teacher and taught, especial attention is paid to the application which takes place in the training school. The subject matter treated of in the information course in the Normal School "functions," so far as the science and art of teaching are concerned, in the training school.

So far as the individual is concerned, the Normal School affords opportunity for the fruition of teaching talent where is already exists, and for the development of skill in teaching where native ability in this direction is crude or meagre. In either case success will be the result of personality ripening.

The Normal School is more concerned that its graduates should go out from the school intelligent students of educational questions and problems and able to adapt themselves to varying conditions in life than that they should be loaded with devices, schemes or rules to be employed under given conditions.

GENERAL ACADEMIC DEPARTMENT—Many young persons, who intend neither to teach nor to enter college, desire to extend their education beyond the limits of the

curriculum in the schools to which they have access near their homes. A general education which prepares for citizenship, or lays the foundation for business success is very desirable. Experience has proved that in both business and professional life a high degree of intellectual training is essential to success. The years spent in making preparation for life's responsibilities and activities are years from which result increased efficiency and satisfaction throughout life. The Clarion State Normal School provides excellent facilities for general education of an academic grade.

PRACTICAL TEACHER'S DEPARTMENT—While the provision made for instruction in the various departments is thus broad and liberal, the main purpose of the School is that of training teachers for the public schools of the State. Special effort is made to illustrate the best methods of instruction in the class rooms and to lead the students to understand the subjects of study from a professional standpoint. Attention is given, not only to logical relations of the material of knowledge comprehended within any subject, but also to the relation of the subject to all other branches of instruction in the curriculum, and to the proper psychological order of progress in imparting knowledge of the subject to pupils. Students are frequently required to prepare sample lessons on different parts of the subjects which they are themselves studying, in order that they may form the habit of thinking and learning from the pupil's point of view. By thus learning to study always from the pupil's point of view, the student in training for the profession of teaching gradually acquires a professional spirit and a professional habit of thought. He is prepared for his work as a teacher in a manner and to a degree not possible in a non-professional school.

REGULAR COURSES OF STUDY FOR PENNSYLVANIA STATE NORMAL SCHOOLS

(As revised and adopted at a meeting of Normal School Principals
held at Harrisburg, April 20-21, 1910.)

This course is based on the "unit" plan as proposed by The Carnegie Foundation.

A "unit" represents a year's study in any subject in a secondary school constituting approximately a quarter of a full year's work.

(This statement is designed to afford a standard of measurement for the work done in a secondary school. It takes the four-year high school course as a basis and assumes that the length of the school year is from thirty-six to forty weeks, that a period is from forty to sixty minutes in length, and that the study is pursued for four or five periods a week; but, under ordinary circumstances, a satisfactory year's work in any subject can not be accomplished in less than one hundred and twenty sixty-minute hours or their equivalent. Schools organized on a different basis can nevertheless estimate their work in terms of this unit.)

Students admitted to the First Year shall have a fair knowledge of Arithmetic, Reading, Orthography, Penmanship, United States History, Geography, Grammar, Physiology, Civics and the Elements of Algebra to Quadratics. Test by Faculty.

FRESHMAN YEAR

	No. of 60 Minute Periods	or	No. of 45 Minute Periods
Ancient and Mediæval History.....	80		100
Reading and Public Speaking.....	40		50
Algebra	120		160
Latin	120		160
School Management and School Law..	120		160
Orthography	30		40
Physical Geography	40		50
Arithmetic	80		100
Grammar	120		160
Public School Music	40		50
Physical Training	60		80
Manual Training or Domestic Science.	40		50

SOPHOMORE YEAR

In order to be considered a Sophomore a student must have credit for not fewer than 1000 periods of 45 minutes each, not fewer than 900 of which must be credits for work of the Freshman year.

	No. of 60 Minute Periods	or	No. of 45 Minute Periods
Plane Geometry	120		160
Rhetoric, Composition, Classics	120		160
Botany	80		100
Civics	30		40
Zoology	40		50
Modern History and English History..	80		100
Cæsar	120		160
General Methods	120		160
Drawing	80		100
Physical Training	60		80

JUNIOR YEAR

In order to be considered a Junior a student must have credit for not fewer than 2120 periods of 45 minutes each, not fewer than 1960 of which shall be credits for work of Freshman and Sophomore years.

	No. of 60 Minute Periods	or	No. of 45 Minute Periods
Psychology and Observation	120		160
Cicero, German or French	120		160
Literature, English and American	80		100
History, U. S.	60		80
Geography	60		80
Physiology and School Sanitation	60		80
Methods in History and Geography...	80		100
Chemistry	120		160
Physical Training	60		80

In the Junior year, Economics, History of Arts and Science, Geology and Astronomy, Solid Geometry and Trigonometry, or any two half units of Rural School Management, Methods of Teaching, Special Subjects, Hand and Basketry Work may be substituted for Cicero, French or German.

SENIOR YEAR

	No. of 60 Minute Periods	or	No. of 45 Minute Periods
Practice Teaching	120		160
History of Education	80		100
Agriculture and Nature Study	80		100
Arithmetic	40		50
Grammar	40		50
Methods in English	40		50
Methods in Arithmetic	40		50
Virgil, German or French	120		160
Public Speaking	40		50
Physics	120		160
Drawing	40		50
Manual Training or Domestic Science.	40		50
Physical Training	60		80

In the Senior year Ethics, Logic and Sociology may be substituted for Virgil, French, or German. Philosophy of Education, Surveying, Rural School Problems or Methods in Public School Music may be substituted for Ethics, Logic, or Sociology. Students who have completed four years of a foreign language are permitted to take advanced work in that language.

CONDITIONS OF ADMISSION, ETC.

1. Properly certified graduates of approved Pennsylvania high schools of the first grade and city high schools as listed by the Department of Public Instruction, shall be admitted to the third year of the Four Year Course without examination, and be conditioned in the branches that have not been satisfactorily completed by such students.

2. Properly certified graduates of approved Pennsylvania high schools of the second grade shall be admitted to the second year of the Four Year Course of the State Normal Schools without examination, and be conditioned in the branches that have not been satisfactorily completed by such students.

3. Properly certified graduates of approved Pennsylvania high school of the third grade shall be admitted to the first year of the Four Year Course of the State Normal Schools without examination, and be conditioned in the branches that have not been satisfactorily completed by such students.

4. A person who desires to be admitted to the second or third year without having previously attended an accredited high school, must have a certificate of a commissioned Superintendent of Schools, showing that he has pursued the branches of the first year or the first and second years, with his standing in those branches, or must pass a satisfactory examination by the Faculty in said branches, or be conditioned by them. But the studies in which any one is conditioned under this rule or any one of the rules above, shall not foot up more than 320 hours.

"OLD GLORY"

5. If the Faculty of any State Normal School or the State Board of Examiners decide that a person is not prepared to pass an examination by the State Board, he shall not be admitted to the same examinations at any other State Normal School during the same school year.

6. If a person who has completed the State Board examinations required for admission to the classes of any year at any State Normal School desires to enter another Normal School, the Principal of the school at which the examination was held shall send the proper certificate to the Principal of the school which the person desires to attend.

7. Candidates for graduation shall have the opportunity of being examined in any higher branches, including vocal and instrumental music and double entry book-keeping; and all studies completed by them shall be named in their certificate. Persons who have been graduated may be examined at any State examination in any higher branches, and the Secretary of the Board of Examiners shall certify on the back of their diplomas as to the passing of the branches completed at said examination. No certificate or diploma valid for teaching except the one regularly issued by the State Board of Examiners to regular graduates shall be issued by any State Normal School or any person connected with any such school.

8. A certificate setting forth the proficiency of all applicants in all the studies in which they desire to be examined by the State Board of Examiners shall be prepared and signed by the Faculty and presented to the Board. Studies that have been completed at a high school shall be distinguished by the words "high school" or the initials "H. S." A separate list of each class shall be prepared for the use of each examiner, together with a separate list of students conditioned in any branch with the branches in which they were conditioned, and the grades should be in-

dicated in every list where substitution is made or extra branches are taken. These lists shall be ready for the State Board before the examination begins.

9. No State examinations shall be given to any student on part of a year's work unless the study is completed, but (except in the last year's examination) a student may be conditioned by the State Board of Examiners in not more than two subjects, covering not more than one period of work for a year. Accurate records of these conditions shall be promptly sent to the Superintendent of Public Instruction, and the fact that the students thus conditioned have taken up such subjects and passed them by the faculty shall be certified to in writing to the State Board of Examiners before such students are admitted to another State examination.

10. Within fifteen days after the examination by the State Board of any Normal School, the Principal of the School shall send to the Department of Public Instruction a complete list of all who have taken advanced branches, together with a list of those branches; also a list of those to whom diplomas and certificates were granted, and a list of those who passed the State examination in any year, naming the year.

11. Residence for the last two years shall be required of all students, except in the case of students who have completed the Freshman Year or more in colleges approved by the College and University Council, who may be graduated after one year's residence.

EXAMINATION AND DIPLOMAS

TERM EXAMINATIONS

Examinations are held by the Faculty at the close of each term, for the purpose of determining to what extent students are succeeding in their work and of guiding the teachers in fitting their instruction to the needs of the

pupils. Students whose record for the term falls below 75 per cent in two or more subjects are required to take more time than the schedule indicates for the completion of the course of study. Students who show a marked deficiency in any subject are required to take the subject a second time and are conditioned until the deficiency has been made up.

Promotions are ordinarily made at the end of each term, but a student may be advanced in his studies at any time if the Faculty is convinced that such advancement will be to his advantage.

FINAL EXAMINATIONS

Examinations for promotion to the Senior class of the Normal department, and for graduation are conducted by the Faculty of the School and by the State Board of Examiners. This Board of Examiners consists of the State Superintendent of Public Instruction, or his representative, the Principal of the Clarion State Normal School, the Principal of another Normal School in Pennsylvania nominated by the State Superintendent of Public Instruction, and six County or City Superintendents appointed by the State Superintendent. No person who fails to pass the examination conducted by the Faculty, and to obtain their endorsement, will be examined by the State Board.

CERTIFICATES AND DIPLOMAS

Any person who completes the Normal School Course and passes the examination set by the State Board of Examiners, will receive a certificate entitling him to teach in any of the common schools of the State for a period of two years.

A graduate in the Normal Course who has continued his studies for two years and has practiced his profession

for two full annual terms in the common schools of the State, will receive, upon presenting to the Faculty and the State Board of Examiners, a certificate of good moral character and skill in the Art of Teaching, authorized by the Board, or Boards, of Directors by whom he was employed, and countersigned by the proper Superintendent, or Superintendents of schools, a second and permanent diploma or certificate, which will entitle the holder to teach in any of the public schools of the State without further examination. Applications for the second diploma should be filed with the Principal of the School at least two weeks before the annual meeting of the State Board of Examiners in June.

All diplomas and certificates are authorized and furnished by the State, and they exempt those who hold them for any further examinations by Superintendents, or other officials, acting under the provisions of our common school laws.

SPECIAL COURSES OFFERED BY THIS SCHOOL.

MUSIC—(Piano and Voice)

The aim of this department is to give thorough instruction in instrumental and vocal music, to fit the graduates for teaching or for entrance into the Junior Class of any leading conservatory.

At the completion of the various courses certificates are granted by the School, showing the course pursued and the work accomplished.

Studies and composition of the masters are used which best meet the demands of each individual pupil.

All students in the regular music course are required to take two years of theoretical work.

Vocal Music, rudiments and sight singing.

Theory and ear training (one year).

Harmony and current events (one year).
History of music (one year).
Public School Music.

DOMESTIC SCIENCE

Including :

SEWING—Hand, Machine, Drafting, Garment Construction, Design, Study of Textiles and Fabrics, Art Embroidery.

COOKERY—Practical Cookery, Invalid Cookery, History of Foods, Dietetics, Home Nursing, Household Management, Home Economics, Chemistry, Bacteriology, Practice in Teaching, Physics, Physiology.

INDUSTRIAL WORK—Weaving, Basketry Paper Folding, Construction Work.

PEDAGOGY—School Management, Methods of Teaching, Psychology, History of Education.

EXPRESSION

Including :

1. Evolution of Expression.
2. Articulation.
Vocal Technique.
3. Forensic Oratory.
Extemporaneous Speaking.
4. Recitals.
 1. Platform Art.
 2. Elementary Gesture.

5. Dramatic Training.
 1. Pantomime.
 2. Impersonation.
 3. History of the Drama.
6. Debate.
7. Bible Reading.

Candidates for graduation in any of the above Special Courses must offer in general attainments the equivalent of a four year high school course and must then attain proficiency in the theoretical, historical, and practical phases of the subject chosen equivalent to that demanded for advanced standing in the various special school conducted for the thorough mastery of such subject.

Graduation in any of these Special Courses, on the part of those entering with the required general attainments, will require two years—the same as that now required for graduation in the Regular Normal Course.

Those entering on less than the required general attainments will be compelled to take the time necessary for making up the deficiency, provided they are candidates for graduation, though students may enter one of these Special Courses and pursue such phases of it as may be elected, regardless of other subjects, provided they are not candidates for graduation in it.

TEXT BOOKS

Stationery and text books used in the school can be purchased at the Book Room at regular prices, or the text books can be rented at reasonable rates by those who do not wish to purchase. Students will find it advantageous to bring with them any text books they may have in their possession which treat on subjects in the course of study.

TEXT BOOKS USED 1917-18

Agriculture—Warren.

Algebra—Somerville and Smith.

Arithmetic—Hamilton, Wentworth and Smith.

Sociology—Giddings.

Zoology—Linville and Kelly.

SEMINARY HALL

GENERAL INFORMATION

RELIGIOUS ADVANTAGES—Chapel exercises, which are strictly undenominational in character, are conducted daily, and all students are expected to be present at these exercises, unless for some reason expressly excused by the Principal. Students are expected to make choice of one of the churches in the town for regular attendance and to be present at the services in the church so selected at least once each Sunday.

The Young Women's Christian Association and the Young Men's Christian Association hold weekly prayer meetings on Wednesday evening, and a joint meeting of the Associations is held on Sunday evening. These Associations are composed almost entirely of students. They elect their own officers, and plan and conduct their own meetings. Students may freely attend the meetings, and all are invited to take some part in the exercises. The Associations have also organized Bible study groups with suitable leaders.

In the Sunday Schools, connected with the various evangelical churches in Clarion, classes have been formed especially for Normal School students. As far as possible these classes are conducted by members of the Faculty, who assume the responsibility of teaching in the Sunday Schools as a personal religious duty.

SOCIAL ADVANTAGES—In many important respects the Clarion State Normal School forms a community by itself. The Faculty and students associate freely with one another and there exists in this school none of that formalism which some teachers mistake for dignity. The students thus enjoy the benefit of frequent intercourse with maturer minds outside the class rooms, and they incidentally receive many suggestions for the improvement of their habits, or the refinement of their manners, without having occasion to suspect any disposition on the part of the Fac-

ulty to dictate in matters purely personal. Students are frequently invited by members of the Faculty to their homes, and they are made to feel that the teachers have an interest in their welfare beyond government of the school or the conduct of recitations.

The Christian Associations hold a joint reception for new students each term, and, as the officers of these Associations are generally elected from among the members of the higher classes the spirit of friendly helpfulness has crystalized into a sort of tradition and is continued from year to year. Each class is permitted and encouraged to entertain the other classes in some simple manner as often as once a term when the students who provide the entertainment are given full responsibility, within the limits of propriety, for planning their own form of reception. Each year in June the Principal gives a reception in his home to the members of the Senior class. The students are thus afforded unusual opportunity for social culture of the type which is best adapted to make them leaders in the communities where they may afterwards be engaged as teachers.

LITERARY SOCIETIES—The students conduct their own literary societies, elect officers themselves, arrange the programs for the weekly meetings, make their own criticisms and review of the exercises, and assume all responsibility for the success of the societies. Under certain conditions, however, the papers read in the society meetings may be presented for credit in the department of instruction. Special arrangements have been made by which credit may be allowed in the department of English for original essays which may be prepared to be read before the literary societies.

DEBATING CLUB—All members of the school who wish to avail themselves of the opportunity have the privilege of joining the Debating Club. At the weekly meeting sub-

jects are debated, and in the Winter Term the best debaters are chosen to represent the school in the Inter-Normal Debate with the California Normal School.

The work of the club is most valuable in that the training for public speaking is important in the preparation of those who are to teach.

LECTURES AND ENTERTAINMENTS—For the benefit of the students and the citizens of Clarion, the School provides each year a series of four or more lectures or instructive evening entertainments. Payment of Enrollment Fee entitles a student to admission to the course. Special efforts are made to furnish entertainments of a high order of merit which may contribute to the permanent advantage of the students. Recitals are given by the special students in the music and expression departments. The school frequently has the privilege of entertaining as visitors, persons who have gained distinction in some line of public or professional activity, and who willingly accept an invitation to address the students in the chapel.

ATHLETICS—Athletic sports are given their due share of attention. The reason for the existence of most outdoor games is two-fold—the pleasure which people take in them, and the good which they do both morally and physically. Young people need and must have the outdoor life if they are to develop into all-round men and women.

Most out-door games not merely strengthen the limbs, give certainty to the movements, make skillful the hand, and sure the eye, but also give a great command to the will over the body. It is for these reasons students are encouraged to take part in this phase of the school's activities.

The tennis courts and athletic grounds which are near the school are kept in first-class condition.

The athletics of the school are supervised by members of the Faculty and are liberally provided for by the Board of Trustees.

ROOM AND BOARD IN THE SCHOOL—The School provides mattresses and bedding in addition to the furniture of the room, but students are expected to furnish their own towels, table napkins, and toilet articles.

Upon engaging a room each student makes a deposit of \$1.50 as a guarantee against all unnecessary injury to the room or the furniture. This deposit is returned at the end of the term if no damage, other than that produced by ordinary use, has been done to the room or furniture.

Students in actual attendance at the close of any term are given the preference in choice of rooms for the succeeding term. Rooms will not be reserved beyond the first week of the term unless by special arrangement. Students may be required to change their rooms at any time if the authorities of the school decide that such a change is necessary.

Board is provided for students at a very low price. The large dining room on the first floor of Navarre Hall is conveniently arranged and is kept in most excellent condition. The kitchen and bakery are provided with all the latest improvements for convenience and perfection in cooking. Good, substantial food thoroughly cooked and properly seasoned, is provided in practically unlimited quantities. Competent and experienced persons look after the needs of students who may for any cause require special consideration.

ROOMS AND BOARD WITH PRIVATE FAMILIES—Under certain conditions students who prefer to do so are permitted to engage rooms and board with private families or to make arrangements for boarding themselves.

No student will, however, be permitted to room with a private family, or in a public boarding or lodging house or to board with a private family, or in a boarding house or club, without having obtained the approval of the Principal.

Young ladies and gentlemen, excepting in the case of members of one family, will not be allowed to occupy rooms in the same house.

Young ladies and gentlemen, not boarding in the dining hall of the School, will not be permitted to board in the same club, or boarding house, or with the same private family, providing, however, that brothers and sisters may board with the same private family if no other boarders or lodgers are kept by said family.

Students living with private families, or boarding themselves, will be subject in all cases to the rules and regulations which govern the conduct of the students living in the dormitories, and no student will be allowed to occupy a room with any private family unless assurance is given that the rules and regulations required by the School will be enforced, and no student may continue to room or board where proper supervision is not maintained. Any student to whom permission has been given to reside in town, and who shows an unwillingness to conform cheerfully to the rules of the School, may be required, at the option of the principal, to remove at once to the dormitory or withdraw from the School.

GOVERNMENT AND DISCIPLINE

All government should be self-government. We trust to the honor of the students to conduct themselves as ladies and gentlemen. They are made to feel that they have a common interest in the school. Thus, to a large extent, they are a self-governing body. Rules are made and pro-

mulgated only where good order and the welfare of all demand them, and penalties are for the most part confined to a restriction of privileges where such privilege has been abused.

The Faculty reserves the right to refuse admission of any student whose character or habits are likely to have a harmful influence upon other students, or who cannot submit willingly to the rules framed for the government of the school, and persons who may be admitted as students and who are found to be indisposed to submit willingly and cheerfully to the wholesome restraints necessary for the successful operation and the good reputation of the school, will be unhesitatingly dismissed.

The Faculty is, in a large measure, responsible to the State for the character as well as for the attainments of the students recommended for graduation. Faults of character and errors in conduct which might not be considered of serious import in the case of students in a purely academic institution may nevertheless indicate unfitness for the profession of teaching, and may consequently call for action on the part of a Normal School Faculty. Accordingly, students are sometimes advised to withdraw from the school although there may be no serious charges against them, if the Faculty is convinced that they are not suitable persons to have charge of the training of children in the public school.

SUGGESTIONS TO STUDENTS AND PERSONS EXPECTING TO BECOME STUDENTS

Persons desiring to enter the Clarion State Normal School as students should make application to the Principal at as early a date as possible.

The prompt attendance of students at the beginning of the session facilitates the organization of the school and is essential to the success of the students individually. Students are, however, permitted to enter school at any

time. It is advisable for students who can remain only for a few weeks to come here for that time. Some advantages are always derived from even a brief attendance at a good school.

On arriving at Clarion, students should report at once to the Principal at his office in Seminary Hall. They will be assisted in selecting their studies by the Principal, or a member of the Faculty. They will then fill out an enrollment card, designating the studies selected, which card will be filed in the Principal's office, pay their bills, and obtain their books from the Registrar. They will then be assigned to their rooms. Baggage checks may be given to the Superintendent of the Boarding Department, who will see that baggage is brought from the railway station and placed in rooms.

After having been registered, students should enter their classes at once and should strive to attend recitations regularly and punctually from the beginning to the end of the term.

At the time of enrollment in classes students will secure signatures of instructors on Enrollment Card. As soon as these cards have been properly signed, students should file them at the office.

No student may change his program of studies without permission. If a change appears desirable, students should obtain at the office, Transfer Cards, which they will take to the faculty member who is chairman of the Committee on Student Programs. He will advise as to change and will direct as to further action.

Students desiring to occupy rooms with private families, to board in private boarding houses, or to board themselves, should consult the Principal before making arrangements for board or room, since all such arrangements are subject to the approval of the Principal.

It is desirable that students should not plan for frequent visits home. Absence from the school necessarily

prevents successful work, not merely because time is lost, but also because attention is distracted from study. For the same reason students should not have any collateral occupation or business interests. As a rule students are not permitted to take private lessons in any subject from persons not connected with the school.

EXPENSES

Board, Room Rent and Laundry (Fall Term, 15 weeks) \$82.50
Board, Room Rent, Laundry (Winter Term, 12 weeks) \$71.50
Board, Room Rent, Laundry (Spring Term, 13 weeks) \$71.50

For less than a full term a charge of \$5.75 per week will be made for board, room rent and laundry.

Only when the school cannot accommodate students with both board and room will they be allowed to board only or to room only in the school. For board only for a full term \$4.25 per week. For board for less than a full term \$4.50 per week. For room rent only for a full term \$1.25 per week. For room rent only for less than a full term \$1.50 per week.

Each student is permitted to have twelve plain pieces washed each week without extra charge. While great care is taken with all articles sent to the laundry, the school will not be responsible for their loss or damage.

An extra charge of 50 cents per week will be made to students who desire to room alone. Electric lamps will be replaced in students' rooms during the term only at the expense of the occupants.

No deduction from the term rates will be made in any department of the school in the case of students who are absent for any cause during all or any part of the last four weeks of the Spring Term. For more than two consecutive weeks absence, on account of personal illness, a deduction of \$3.00 per week will be made. No deduction for two weeks or less will be made. No reduction will be made

CAMPUS IN WINTER

from the term rates for Board, Room Rent and Laundry to students having their laundry done outside the school. No deduction is made for part of the week.

For Transients, a charge of 35 cents per meal, \$1.25 per day, of \$7.00 per week for board and room rent will be made. For board and room rent during the Winter and Spring vacations a charge of \$1.25 a day will be made to students, this rate to take effect at noon the day after the close of the term, as indicated in the calendar for the year, and to cease at noon on the day of opening of the following term. At the end of the Spring Term the dining room will close to all boarders, after breakfast on the day following Commencement.

Teachers and employees not connected with the Boarding Department will be charged for board and room rent as follows: Where a suite of rooms (i. e., a bed room and a sitting room) is occupied by a teacher in charge of a hall and doing dormitory duty the rent shall be \$1.25 per week. Where two teachers, either of whom has charge of a hall or floor of a hall, occupy a suite of rooms, the rent shall be \$2.15 per week for the suite. Teachers not doing dormitory duty, and employees, will be charged for room rent the same rates charged students. Employees and teachers will be charged for board the same rate charged students. The right is reserved to change these rates at the end of any term if the conditions so demand.

TUITION

(Regular Normal Department)

An enrollment fee of \$2.50 per term must be paid by each student before registering for any classes in the regular normal department. This will entitle the student to a ticket of admission to the numbers of the regular Lecture Course and to the athletic games played under the auspices of the school.

The enrollment fee for the special departments (Music, Domestic Science or Expression) is \$1.00 per term. This

fee does not admit the student to the regular numbers of the Lecture Course or athletic games.

Day Student Fee—Each day student is required to pay an additional fee of \$2.50 per term.

Students registering in both the regular and a special department pay only the enrollment fee of the regular department.

No part of the enrollment fee is refunded for any cause.

Kindergarten pupils are charged an entrance fee of \$3.00 per term, which must be paid to the Registrar before entering.

All students over seventeen years of age who are not preparing to teach (and all those under seventeen years of age) will be charged \$1.50 per week for tuition.

The State pays the tuition of all students who are over seventeen years of age and who sign an agreement to teach at least two full terms in the common schools of the State.

In case of a deficit in the appropriation for State aid, students at the different State Normal Schools will receive their pro rata share of the appropriation. No deficit has occurred in recent years.

All persons taking instruction in Botany, Chemistry, Domestic Science, Manual Training, Physics or Zoology, must pay to the Registrar in advance the fee charged for each subject in which they take instruction. Laboratory fees per term as follows: Botany, \$1.00; Chemistry, \$2.50; Domestic Science, \$2.50; Manual Training, \$2.00; Physics, \$1.00, and Zoology, \$1.50. Training school pupils taking cooking in Domestic Science will be charged only a fee of \$1.00 per term.

SPECIAL DEPARTMENTS

MUSIC OR EXPRESSION (Private Lessons)

Two lessons per week, by the term.....	\$1.00 per week
Two lessons per week, less than a term.....	1.25 per week
One lesson per week, by th term.....	.60 per week
One lesson per week, less than a term.....	.75 a week
Rent of Piano (one period per day).....	1.50 per term

MUSICAL THEORY, HARMONY, ETC. (Class Groups)

Two lesons per week, by the term.....	\$.30 per week
Two lessons per week, less than a term.....	.40 per week

DOMESTIC SCIENCE (Class Groups) :

Two lessons per week ($1\frac{1}{2}$ hrs.) by the term	\$1.50 per week
Two lessons per week ($1\frac{1}{2}$ hrs.) less than term	1.75 per wk.

(Less than two lessons per week cannot be taken in these subjects.)

The length of each private lesson is 30 minutes; a practice period is 45 minutes.

In case of absence from lessons, students will be charged full amount when notice of such absence has not been given to the instructor beforehand.

Lessons will not be made up except in cases of illness or other unavoidable absence.

Bills are payable in advance, one-half the expense for the term being due at the beginning of the term, the other half at the middle of the term.

No student will be registered unless the bills of the previous terms are paid.

Diplomas and Certificates of Credit will not be issued to those whose bills are unpaid.

Graduates making application for a second, or permanent diploma, should send a new health certificate, with one dollar as a fee for engrossing and mailing the diploma.

No charge is made for the use of the Infirmary, but doctor's and nurse's fee and medicine are paid for by the student.

It is understood that these rates cancel and revoke all former resolutions, special regulations and privileges whatsoever, granted in any way to any person as employee or patron of the school as relates directly or inditactly in any way to charges by the school, and after July 1st, 1918, the regulations and rates herein adopted shall be the Registrar's only guide and authority on which to figure and assess all bills, charges, etc., of any and all patrons of the Clarion State Normal School.

PUPILS IN TRAINING SCHOOL

FIRST GRADE

Beers, Merle	Logue, Ruth
Beers, William	Lawrence, Emogene
Clee, Charles	McCan, Cecil
Collner, Madeline	Mapes, Ruth
Corbett, Ruby	Marion, Nowell
Crooks, Louise	Morrison, Stanley
Edwards, Donovan	Rae, Twila
Ernenst, Francis	Reed, Sara Margaret
Frampton, Arnold	Schultz, Dorothy
Frampton, Donald	Varner, Maurice
Hulings, Clair	Whisner, Lucille
Wise, Stanley	

SECOND GRADE

Conley, Lucille	Reddinger, Beatrice
Jones, Bernice	Shirry, John
Logue, Everett	Stein, Susanne
Nadig, Henry George	Williams, Oscar
Rae, Bertha	Wise, Grace
Wolfe, William	

THIRD GRADE

Baum, Catherine
Frampton, Geneva
McHenry, Mildred
Miller, Sydney

Miller, Victor
Rimer, Edward
Rimer, Thomas
Wise, Elmer

FOURTH GRADE

Bartlett, Harold
Bell, Charolette
Hulings, Clyde
Jones, Marshall

Keck, Rachel
Mapes, Wilbur
Wilhelm, Edward

FIFTH GRADE

Bickel, Dorothy
Hepler, Robert
Herman, Viva May
Jones, William
Logue, Edna May

Logue, Ethel
Myers, Culver
Shindledecker, Sarah
Whisner, Hazel
Wise, Hobart

SIXTH GRADE

Conley, Arthur
Cyphert, Ronald
Herman, Clara M.
Jones, Richard
Logue, Alice

Logue, Grace
McHenry, Carl
Myers, Walter
Tice, Ida
Varner, Kathryn

Wolfe, Geraldine

SEVENTH GRADE

Cyphert, Roland	Miller, Twilla
Herman, William	Shea, Elmer
Jones, Eva	Thompson, Frederick
Mapes, Laura	Wolfe, Albert
Wolfe, Harold	

EIGHTH GRADE

Jeanereat, Reba	Logue, Hazel
Jones, Bessie	Wise, Ethel
Lewis, Katherine	Wise, Mervin

ROLL OF ALUMNI

Members of alumni are requested to notify the principal of any error in name or address.

The place named in the following list are in Pennsylvania except as otherwise designated.

OFFICERS FOR 1917-1918.

President.....R. H. Edgar
Vice President.....Frances Gilfillan, '07
Secretary and Treasurer.....Anna B. Grahtm, '94

In the following pages the figures following the names indicate the year of graduation. S. before the year indicates Scientific Course; S. C., State Certificate; A. C., Academic course; B. of P., Bachelor of Pedagogy. If only the year is given all are graduates in the Elementary Course, up to the year 1903; beginning with 1903, all are in the regular Normal (3 year) Course, excepting that in 1913 there were fourteen graduated in the present (4 year) Course; these are so indicated. From 1914 all are in the Four Year Course.
